Event Report

Title	Intellectual Property Rights and Innovation
Name of the Activity	Seminar
Date	21/12/2022
Venue	Auditorium
Organized By	Department of Biotechnology
Resource Person	Mr. Ankur Sharma
No. of Participants	45 Students
Event Objective	The primary objective of the seminar was to provide participants with a comprehensive understanding of the crucial intersection between intellectual property and the innovation landscape. The event aimed to elucidate the significance of protecting intellectual assets in fostering innovation and economic growth. Through insightful discussions and expert presentations, the seminar sought to enhance participants' awareness of various forms of intellectual property, their role in promoting innovation, and the legal frameworks governing their protection.
Event Outcome	By the end of the seminar, participants were expected to gain a nuanced understanding of Intellectual Property Rights and their pivotal role in driving innovation. The event equipped attendees with practical insights into identifying, protecting, and managing intellectual assets within the innovation ecosystem. Moreover, participants developed a heightened awareness of the legal and ethical considerations surrounding intellectual property, enabling them to make informed decisions in their professional endeavors.
